READY FOR MISSION FUTURE?

Be a part of the future-oriented U.T.SEC crew:

utsec.de/en

LOOKING FOR VISIONARIES!

In the past year, **U.T.SEC** has shown that the time has come. Star players and high-fliers from around the world will once again have their future-oriented and innovative products and services on show in 2018.

AN EXHIBITION THAT'S UNIQUE IN THE WORLD ...

... with a focus on security using unmanned technologies and protection against drones.

HOTSPOT CONFERENCE

The **U.T.SEC** conference is being held in parallel with the trade fair – a unique platform for all networkers who want to seize the opportunity: deepening their specialist knowledge, attending targeted product presentations and lively discussion on the subject of security in connection with unmanned systems.

Become part of the mission now:

MEETING PLACE FOR LATERAL THINKERS AND PIONEERS

International professionals and heads of security in the industrial, state and civil sectors are interested in your innovations and products. All have one key interest: your unmanned technology solutions. Trade visitors include:

- Police/military/intelligence
- Customs/border protection
- Justice
- Ministries
- Fire brigades/Federal Agency for Technical Relief
- Forest services
- Coast Guard
- Air safety
- Harbour authorities
- Industry/trade
- Industrial safety
- Security services
- Emergency services
- Hospital operators
- NGOs
- Federal Environment Agency

Come and talk with visitors to the parallel event Enforce Tac, the trend-setters in the law enforcement industry.
